

Official SHERIDAN'S IRISH POKER Point Award Guidelines

The SHERIDAN'S IRISH POKER Point Award Guidelines awards points to all finishers based on two Components – Game Points and Customer Reward Points. The points are used ONLY to determine the qualifiers for the Venue Championship – which is held after every 8 tournaments. The table below shows you how to calculate your game points, followed by the rules for calculating your Customer Reward Points. Examples of calculating Total Points appear at the bottom of this document.

Customer Reward Points

- * You MUST turn in your receipt to the Tournament Director to receive any Customer Reward Points.
- * Players receive 1 Customer Reward Point for each dollar spent on the night of a tournament after 6pm (not including tip) but prior to the final table, up to a maximum of 15 Customer Reward Points.
- * Receipts with a decimal (cents) amount of 50 or more will be rounded UP to the nearest dollar amount, 49 cents or less will be rounded down.
(Examples: Receipt is for one half-price burger with cheese and a soda for \$6.69 (not including tip), customer would receive 7 Customer Reward Points. Receipt is for one broccoli bites appetizer for \$5.49 (not including tip), customer would receive 5 Customer Reward Points.
Receipt is for one NY strip steak and one soda for \$23.94 (not including tip), customer would receive 15 Customer Reward Points, since Customer Rewards Points are capped at 15 per tournament night.)
- * For people sharing a check, any Customer Reward Points will be split EVENLY among all tournament participants on that check – if you want the points split in some other manner, simply ask for separate checks.
(Example: Receipt is for 2 people for a cheese steak and a classic BLT for \$16.48 (not including tip). Each person will be determined to have spent \$8.24 each, so each player would receive 8 Customer Reward Points.
- * If a player does NOT play in the main tournament (or game), but does play in any side-game, they shall be awarded any earned Customer Reward Points, but no points for the game.

Total Points

Total Points for any tournament (or game) will be calculated as **Game Points + Customer Reward Points**.

Example 1: Player finishes tournament game in 12th place and turns in receipt for one half-price burger with cheese and one soda for \$6.69 (not including tip) – player receives 12 Game Points and 7 Customer Reward Points for a Total Points of 19.

Example 2: Player finishes tournament game in 3rd place and turns in receipt for one soda for \$1.95 (not including tip) – player receives 22 Game Points and 2 Customer Reward Points for a Total Points of 24.

Example 3: Player A finishes tournament game in 7th place and Player B finishes tournament game in 19th place and they turn in combined receipt for one broccoli bites appetizer, one cheese steak, and one shepherd's pie for \$26.47 (not including tip) – Player A receives 17 Game Points and 13 Customer Reward Points for a Total Points of 30, Player B receives 5 Game Points and 13 Customer Reward Points for a Total Points of 18.
